ОТ АВТОРА

СБОРНИК включает в себя 285 упражнений на отработку грамматического материала по программе четвертого класса. Выполнение этих упражнений обеспечивает не только знание грамматического материала, но и, что более важно, навыки грамотной речи. Материал представлен очень просто, не требует усилий в освоении. Упражнения по каждой теме располагаются в порядке постепенного нарастания трудностей. Отработка грамматических структур идет только на знакомом лексическом материале. Усвоенный грамматический материал включается в дальнейшие уроки, что обеспечивает его прочное запоминание.

Перед каждым упражнением указан параграф КНИГИ ДЛЯ РОДИТЕЛЕЙ, в котором объясняются соответствующие грамматические явления.

Чтобы работа детей была эффективной, мы предлагаем вписывать лишь значимые части предложений. Это значительно экономит время и силы и позволяет сделать за короткое время много упражнений.

В конце сборника есть тематический указатель, с помощью которого можно быстро найти упражнения на каждое грамматическое правило.

Сборник рекомендуется преподавателям английского языка в качестве дополнительного пособия для отработки грамматики. Он также может быть использован учащимися и их родителями для самостоятельной работы.

Ключи к упражнениям находятся в Книге для родителей.

Будем очень благодарны Вам
за Ваши замечания и пожелания.
